

Submit a Manuscript

Manuscripts can now be submitted using Scholastica, our manuscript tracking and reviewing system, which is an intuitive software platform that offers authors a seamless experience. To submit a manuscript using this software, simply click the **blue "Submit via Scholastica" button** on this page. You will be connected to Scholastica, where you can log in using an existing account or create a new one. You will be led step by step through the manuscript submission process.

To accommodate authors unable to use Scholastica, we are also continuing to accept manuscript submissions via email, although there will be loss of the software author updates functionality. If this method is preferred, please send the manuscript directly to the Editor-in-Chief at saikj@watcvm.org.

Authors are strongly urged to consult the "Author Guidelines" for information on AJTCVM formatting, submitting figures and tables, and on preparing references, to ensure their manuscript meets the required standards.

Should there be any questions or if an author runs into any issues during the submission process, feel free to contact **Scholastica Support** at support@scholasticahq.com or reach out to our team at ling@chiu.edu for assistance. We're here to help you every step of the way and ensure your manuscript is successfully submitted.
